BRCC Brings Welding Certification Course to Baker

A 120-hour American Welding Society (AWS) industry-based certification welding training course will begin Monday, Sept. 2, 2013 and run through Nov. 4, 2013.

The course will be held on Monday and Wednesday nights from 5:30 p.m. to 8:30 p.m. at the Baker High School Welding Lab. Students 18 or over that successfully complete the course will be certified to work as a welder--a trade that is in high demand.

Cost: \$650.00. Space is limited to 20 students.

Register online at mybrcc.edu: under the "Continuing Ed & Workforce Solutions" tab.

Please call Dr. Melancon at 225-907-3887 for information.

Meet and Greet Baker Heights Elementary

Wednesday, August 5, 2013 from 3:00 p.m. - 5:00 p.m.
3750 Harding Street, Baker, Louisiana 70714

This assembly will be for parents to meet with teachers, City of Baker safety personnel and other school-related organizations. Food and drinks provided. For more information, call 775-1493.

"Shop Baker First" Marketing Campaign

LOCAL ALLIANCES

The City of Baker, along with the Baker Chamber of Commerce, has developed a marketing campaign called "Shop Baker First."

The campaign will encourage local citizens to shop Baker first before traveling to other cities.

To make this campaign a success, the city and chamber are taking a pro-active and positive approach focusing on the following:

- Building support for locally owned businesses through educational campaigns conveying the benefits these businesses bring to the community.
- Engaging citizens in actively shaping the future economic development of their city and region.
- Reaching out to the media to provide a strong voice for the businesses in local news stories.
- Working with the local banks, developers, community, organizations, non-profits, civic clubs and churches to create opportunities for local business development.

To List Upcoming Events in the City of Baker's
Baker Forward, contact Ginger Vann at 778-0300.
